FUND SUMMARY: SLW Short Term Government Fund

Investment Objective:

The SLW Short Term Government Fund (the “Fund”) seeks to provide current income consistent with liquidity and the preservation of capital.

Fees and Expenses of the Fund:

This table describes the fees and expenses that you may pay if you buy, hold, and sell shares of the Fund. Future expenses may be greater or less. **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below.**

Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)	Institutional Class
Management Fees	0.15%
Distribution (12b-1) Fees	0.00%
Other Expenses	0.42%
Acquired Fund Fees and Expenses ⁽¹⁾	0.01%
Total Annual Fund Operating Expenses	0.58%
Fee Waiver and Reimbursement ⁽²⁾	<u>(0.35)%</u>
Total Annual Fund Operating Expenses After Fee Waiver and Reimbursement	0.23%

⁽¹⁾ Acquired Fund Fees and Expenses are indirect costs of investing in other investment companies. The operating expenses in this fee table will not correlate to the expense ratio in the Fund’s financial highlights because the financial statements include only the direct operating expenses incurred by the Fund and does not include the indirect costs of investing in other investment companies.

⁽²⁾ The Fund’s adviser has contractually agreed to reduce its fees and to reimburse expenses, at least until December 31, 2026, to ensure that total annual Fund operating expenses after fee waiver and/or reimbursement (exclusive of any Rule 12b-1 distribution and/or shareholder servicing fees, front-end or contingent deferred loads, brokerage fees and commissions, acquired fund fees and expenses, borrowing costs (such as interest and dividend expense on securities sold short), taxes or extraordinary expenses such as litigation) will not exceed 0.22% of average daily net assets. Fee waivers and expense reimbursements are subject to possible recoupment from the Fund in future years on a rolling three year basis (within the three years from the date or the month that the fees have been waived or reimbursed) if the Fund is able to make the repayment without exceeding the expense limitation in place at the time of waiver or the current expense limitation and the repayment is approved by the Board. This agreement may be terminated only by the Fund’s Board of Trustees, on 60 days’ written notice to the adviser.

Example:

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based upon these assumptions your costs would be:

	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
Institutional Class	\$24	\$151	\$289	\$692

Principal Investment Strategies:

The Fund will invest in (i) cash or cash equivalents such as commercial paper; (ii) securities issued or guaranteed by the United States or certain U.S. government agencies or instrumentalities; and/or (iii) repurchase agreements that are collateralized fully (i.e., backed by cash or government securities).

The Fund will invest in high-quality, short-term money market instruments that present minimal credit risks, as determined by the Fund’s adviser. The Fund will maintain a dollar-weighted average portfolio maturity of 90 days or less and maintain a dollar-weighted average portfolio life (portfolio maturity measured without reference to any maturity shortening provisions of adjustable rate securities by reference to their interest rate reset dates) of 180 days or less.

Under normal circumstances, the Fund will invest at least 80% of its assets (net assets plus the amount of any borrowing for investment purposes) in securities issued or guaranteed by the U.S. government, its agencies or instrumentalities and/or repurchase agreements that are fully collateralized by securities issued or guaranteed by the same. The Fund will notify shareholders at least 60 days in advance of any change in this investment policy.

Principal Investment Risks:

- *Collateral Risk.* With respect to collateral received in repurchase transactions or other investments, the Fund may have significant exposure to government agencies not secured by the full faith and credit of the United States. Such exposure, depending on market conditions, could have a negative impact on the Fund, including minimizing the value of any collateral.
- *Credit Risk.* The issuer of a fixed income security may not be able to make interest or principal payments when due. Generally, the lower the credit rating of a security, the greater the risk is that the issuer will default on its obligation.
- *Cybersecurity Risk.* Cybersecurity incidents, both intentional and unintentional, may allow an unauthorized party to gain access to Fund assets, Fund or shareholder data (including private shareholder information), or proprietary information, cause the Fund or its service providers (including, but not limited to, the Fund's investment adviser, any sub-adviser(s), transfer agent, distributor, custodian, fund accounting agent and financial intermediaries) to suffer data breaches, data corruption or loss of operational functionality, or prevent Fund investors from purchasing, redeeming or exchanging shares, receiving distributions or receiving timely information regarding the Fund or its investment in the Fund. Cybersecurity incidents may result in financial losses to the Fund and its shareholders, and substantial costs may be incurred in order to prevent or mitigate any future cybersecurity incidents.
- *Extension Risk.* The Fund is subject to the risk that an issuer will exercise its right to pay principal on an obligation held by the Fund (such as mortgage-backed securities) later than expected. This may happen when there is a rise in interest rates. These events may lengthen the duration (i.e. interest rate sensitivity) and potentially reduce the value of these securities.
- *Government Securities Risk.* The Fund invests in securities issued or guaranteed by the U.S. government or its agencies and instrumentalities. These securities may be backed by the credit of the government as a whole or only by the issuing agency. No assurance can be given that the U.S. government would provide financial support to its agencies and instrumentalities if not required to do so by law. Neither the U.S. government nor its agencies guarantee the market value of their securities, and interest rate changes, prepayments and other factors may affect the value of government securities.
- *Interest Rate Risk.* Fixed income securities have varying levels of sensitivity to changes in interest rates. In general, the price of a debt security can fall when interest rates rise and can rise when interest rates fall. Securities with longer maturities and mortgage securities can be more sensitive to interest rate changes although they usually offer higher yields to compensate investors for the greater risks. The longer the maturity of the security, the greater the impact a change in interest rates could have on the security's price. In addition, short-term and long-term interest rates do not necessarily move in the same amount or the same direction. Short-term securities tend to react to changes in short-term interest rates and long-term securities tend to react to changes in long-term interest rates.
- *Limited History of Operations Risk and New Adviser Risk.* The Fund and its adviser are each newly-formed and have no history of operations for investors to evaluate. As a result, investors do not have a track record from which to judge the adviser, and the adviser may not achieve the intended result in managing the Fund.
- *Management Risk.* The value of your investment may go down if the investment adviser's judgments and decisions are incorrect or otherwise do not produce the desired results, or if the investment strategy does not work as intended. You may also suffer losses if there are imperfections, errors or limitations in the quantitative, analytic or other tools, resources, information and data used, investment techniques applied, or the analyses employed or relied on, by the investment adviser, if such tools, resources, information or data are used incorrectly or otherwise do not work as intended, or if the investment adviser's investment style is out of favor or otherwise fails to produce the desired results. Any of these things could cause the Fund to lose value or its results to lag relevant benchmarks or other funds with similar objectives.
- *Market and Geopolitical Risk.* The increasing interconnectivity between global economies and financial markets increases the likelihood that events or conditions in one region or financial market may adversely impact issuers in a different country, region or financial market. Securities in the Fund may underperform due to inflation (or expectations for inflation), interest rates, global demand for particular products or resources, natural disasters, pandemics, epidemics, terrorism, international conflicts, regulatory events and governmental or quasi-governmental actions. The occurrence of global events similar to those in recent years, such as terrorist attacks around the world, natural disasters, social and political discord or debt crises and downgrades, among others, may result in market volatility and may have long term effects on both the U.S. and global financial markets. It is difficult to predict when similar events affecting the U.S. or global financial markets may occur, the effects that such events may have and the duration of those effects. Any such event(s) could have a significant adverse impact on the value and risk profile of the Fund. The COVID-19 global pandemic had negative impacts, and in many cases severe negative impacts, on markets worldwide. It is not known how long such impacts, or any future impacts of other significant events described above, will or would last, but there could be a prolonged period of global economic slowdown, which may impact your investment. Therefore, the Fund could lose money over short periods due to short-term market movements and over longer periods during more prolonged market downturns. During a general market downturn, multiple asset classes may be negatively affected. Changes in market conditions and interest rates can have the same impact on all types of securities and instruments. In times of severe market disruptions, you could lose your entire investment.

- **Repurchase Agreement Risk.** The Fund is subject to the risk that the counterparty may default on its obligation to repurchase the underlying instruments collateralizing the repurchase agreement, which may cause the Fund to lose money. These risks are magnified to the extent that a repurchase agreement is secured by securities other than cash, U.S. Government securities or securities of U.S. Government agencies or instrumentalities.

Performance:

Because the Fund is a new fund and does not yet have a full calendar year of investment operations, no performance information is presented for the Fund at this time. In the future, performance information will be presented in this section of this Prospectus. Updated performance information will be available at no cost by visiting the Fund's website at slwfunds.com or by calling 1-866-969-5885.

Investment Adviser: SLW Investment Management, LLC (*formerly known as* Wisdom Fixed Income Management, LLC)

Portfolio Manager:

Vincent Ahn, a Portfolio Manager of the adviser, has served as the Fund's portfolio manager since it commenced operations in 2024.

Purchase and Sale of Fund Shares: You may purchase and redeem shares of the Fund on any day that the New York Stock Exchange is open for trading by written request, telephone or through a Fund-approved broker who has entered into an agreement with the Fund's distributor or as an institution holding a Fund-approved omnibus account. The minimum initial investment is \$250,000 for Institutional Class shares. There is no minimum subsequent investment for Institutional Class shares.

Tax Information: Dividends and capital gain distributions you receive from the Fund, whether you reinvest your distributions in additional Fund shares or receive them in cash, are taxable to you at either ordinary income or capital gains tax rates unless you are investing through a tax-deferred plan such as an IRA or 401(k) plan. However, these dividend and capital gain distributions may be taxable upon their eventual withdrawal from tax-deferred plans.

Payments to Broker-Dealers and Other Financial Intermediaries: If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

The Fund will not operate as a "government money market fund," as defined in or interpreted under Rule 2a-7 under the Investment Company Act of 1940, as amended (the "1940 Act"), nor will the Fund qualify for any special money market fund tax treatment or tax accounting methods under Treasury regulations.

ADDITIONAL INFORMATION ABOUT PRINCIPAL INVESTMENT STRATEGIES AND RELATED RISKS

INVESTMENT OBJECTIVE

The Fund seeks to provide current income consistent with liquidity and the preservation of capital.

The Fund's investment objective is a non-fundamental policy and may be changed by the Fund's Board of Trustees without shareholder approval upon 60 days' written notice to shareholders. The 80% investment policy of the Fund is a non-fundamental policy and may be changed under the same terms as an investment objective.

PRINCIPAL INVESTMENT STRATEGIES

SLW Short Term Government Fund

The Fund will invest in: (i) cash or cash equivalents such as commercial paper; (ii) securities issued or guaranteed by the United States or certain U.S. government agencies or instrumentalities; and/or (iii) repurchase agreements that are collateralized fully (i.e., backed by cash or government securities).

The Fund will invest in high-quality, short-term money market instruments that present minimal credit risks, as determined by the Fund's adviser. The Fund will maintain a dollar-weighted average portfolio maturity of 90 days or less and maintain a dollar-weighted average portfolio life (portfolio maturity measured without reference to any maturity shortening provisions of adjustable rate securities by reference to their interest rate reset dates) of 180 days or less.

Under normal circumstances, the Fund will invest at least 80% of its assets (net assets plus the amount of any borrowing for investment purposes) in securities issued or guaranteed by the U.S. government, its agencies or instrumentalities and/or repurchase agreements that are fully collateralized by securities issued or guaranteed by the same. The Fund will notify shareholders at least 60 days in advance of any change in this investment policy.

PRINCIPAL INVESTMENT RISKS

- **Collateral Risk.** With respect to collateral received in repurchase transactions or other investments, the Fund may have significant exposure to government agencies not secured by the full faith and credit of the United States. Such exposure, depending on market conditions, could have a negative impact on the Fund, including minimizing the value of any collateral.
- **Credit Risk.** The issuer of a fixed income security may not be able to make interest or principal payments when due. Generally, the lower the credit rating of a security, the greater the risk is that the issuer will default on its obligation.
- **Cybersecurity Risk.** Cybersecurity incidents, both intentional and unintentional, may allow an unauthorized party to gain access to Fund assets, Fund or shareholder data (including private shareholder information), or proprietary information, cause the Fund or its service providers (including, but not limited to, the Fund's investment adviser, any sub-adviser(s), transfer agent, distributor, custodian, fund accounting agent and financial intermediaries) to suffer data breaches, data corruption or loss of operational functionality, or prevent Fund investors from purchasing, redeeming or exchanging shares, receiving distributions or receiving timely information regarding the Fund or their investment in the Fund. Cybersecurity incidents may result in financial losses to the Fund and its shareholders, and substantial costs may be incurred in order to prevent or mitigate any future cybersecurity incidents.
- **Extension Risk.** The Fund is subject to the risk that an issuer will exercise its right to pay principal on an obligation held by the Fund (such as mortgage-backed securities) later than expected. This may happen when there is a rise in interest rates. These events may lengthen the duration (i.e. interest rate sensitivity) and potentially reduce the value of these securities.
- **Government Securities Risk.** The Fund invests in securities issued or guaranteed by the U.S. government or its agencies and instrumentalities. These securities may be backed by the credit of the government as a whole or only by the issuing agency. No assurance can be given that the U.S. government would provide financial support to its agencies and instrumentalities if not required to do so by law. Neither the U.S. government nor its agencies guarantee the market value of their securities, and interest rate changes, prepayments and other factors may affect the value of government securities.
- **Interest Rate Risk.** Fixed income securities have varying levels of sensitivity to changes in interest rates. In general, the price of a debt security can fall when interest rates rise and can rise when interest rates fall. Securities with longer maturities and mortgage securities can be more sensitive to interest rate changes although they usually offer higher yields to compensate investors for the greater risks. The longer the maturity of the security, the greater the impact a change in interest rates could have on the security's price. In addition, short-term and long-term interest rates do not necessarily move in the same amount or the same direction. Short-term securities tend to react to changes in short-term interest rates and long-term securities tend to react to changes in long-term interest rates.
- **Limited History of Operations Risk and New Adviser Risk.** The Fund and its adviser have a limited history of operations for investors to evaluate. As a result, investors do not have a long-term track record from which to judge the adviser, and the adviser may not achieve the intended result in managing the Fund.
- **Management Risk.** The value of your investment may go down if the investment adviser's judgments and decisions are incorrect or otherwise do not produce the desired results, or if the investment strategy does not work as intended. You may also suffer losses if there are imperfections, errors or limitations in the quantitative, analytic or other tools, resources, information and data used, investment techniques applied, or the analyses employed or relied on, by the investment adviser, if such tools, resources, information or data are used incorrectly or otherwise do not work as intended, or if the investment adviser's investment style is out of favor or otherwise fails to produce the desired results. Any of these things could cause the Fund to lose value or its results to lag relevant benchmarks or other funds with similar objectives.

- Market and Geopolitical Risk.** The increasing interconnectivity between global economies and financial markets increases the likelihood that events or conditions in one region or financial market may adversely impact issuers in a different country, region or financial market. Securities in the Fund may underperform due to inflation (or expectations for inflation), interest rates, global demand for particular products or resources, natural disasters, pandemics, epidemics, terrorism, international conflicts, regulatory events and governmental or quasi-governmental actions. The occurrence of global events similar to those in recent years, such as terrorist attacks around the world, natural disasters, social and political discord or debt crises and downgrades, among others, may result in market volatility and may have long term effects on both the U.S. and global financial markets. It is difficult to predict when similar events affecting the U.S. or global financial markets may occur, the effects that such events may have and the duration of those effects. Any such event(s) could have a significant adverse impact on the value and risk profile of the Fund. The COVID-19 global pandemic had negative impacts, and in many cases severe negative impacts, on markets worldwide. It is not known how long such impacts, or any future impacts of other significant events described above, will or would last, but there could be a prolonged period of global economic slowdown, which may impact your investment. Therefore, the Fund could lose money over short periods due to short-term market movements and over longer periods during more prolonged market downturns. During a general market downturn, multiple asset classes may be negatively affected. Changes in market conditions and interest rates can have the same impact on all types of securities and instruments. In times of severe market disruptions, you could lose your entire investment.
- Repurchase Agreement Risk.** The Fund is subject to the risk that the counterparty may default on its obligation to repurchase the underlying instruments collateralizing the repurchase agreement, which may cause the Fund to lose money. These risks are magnified to the extent that a repurchase agreement is secured by securities other than cash, U.S. Government securities or securities of U.S. Government agencies or instrumentalities.

MANAGEMENT

Investment Adviser: SLW Investment Management, LLC, 1845 Woodall Rodgers Fwy, Suite 1000, Dallas, Texas 75201, serves as investment adviser to the Fund. The adviser provides investment management services to institutional investors such as pooled investment vehicles. As of the date of this registration statement, the adviser had no assets under management outside the assets under management of the Fund. SLW Investment Management, LLC is a newly formed advisor that does not have a history of operations. SLW Investment Management, LLC is wholly owned by Ranger Asset Management Company, LLC, a wholly owned subsidiary of First United Bank and Trust.

A discussion regarding the basis for the Board of Trustees' prior approval of the management agreement with respect to the Fund is available in the Fund's semi-annual report for the period ended January 31, 2025.

Pursuant to a management agreement the adviser is entitled to receive, on a monthly basis, an annual advisory fee equal to 0.15% of the Fund's average daily net assets.

The adviser has entered into an expense limitation agreement with the Fund to reduce its fees and to reimburse expenses, at least until December 31, 2026, such that total annual Fund operating expenses after fee waiver and/or reimbursement (exclusive of any Rule 12b-1 distribution and/or shareholder servicing fees, front-end or contingent deferred loads, brokerage fees and commissions, acquired fund fees and expenses, borrowing costs (such as interest and dividend expense on securities sold short), taxes or extraordinary expenses such as litigation) will not exceed 0.22% of the Fund's average daily net assets, subject to possible recoupment from the Fund in future years on a rolling three year basis (within the three years from the date or the month that the fees have been waived or reimbursed) if the Fund is able to make the repayment without exceeding the expense limitation in place at the time of waiver or the current expense limitation and the repayment is approved by the Board.

Portfolio Manager:

Vincent Ahn, a Portfolio Manager of the adviser, has served as the Fund as Portfolio Manager since it commenced operations in 2024.

HOW SHARES ARE PRICED

The net asset value ("NAV") of each class of the Fund is determined at 4:00 p.m. (Eastern Time) on each day the New York Stock Exchange ("NYSE") is open for business. NAV is computed by determining the aggregate market value of all assets of the Fund's class, less its liabilities, divided by the total number of shares of the class outstanding ((assets-liabilities)/number of shares = NAV). The NYSE is closed on weekends and New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Juneteenth Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. The NAV takes into account the expenses and fees of the Fund's class, including management, administration, and distribution fees, which are accrued daily. The determination of NAV for the Fund's class for a particular day is applicable to all applications for the purchase of shares of the class, as well as all requests for the redemption of shares of the class, received by the Fund (or an authorized broker or agent, or its authorized designee) before the close of trading on the NYSE on that day.

Generally, the Fund's securities, including holdings in exchange traded funds, are valued each day at the last quoted sales price on each security's primary exchange. Securities traded or dealt in upon one or more securities exchanges (whether domestic or foreign) for which market quotations are readily available and not subject to restrictions against resale shall be valued at the last quoted sales price on the primary exchange or, in the absence of a sale on the primary exchange, at the last bid on the primary exchange. Securities primarily traded in the National Association of Securities Dealers' Automated Quotation System ("NASDAQ") National Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price. If market quotations are not readily available, securities will be valued at their fair market value as determined in good faith by the adviser, as the Board of Trustees' valuation designee, pursuant to Rule 2a-5 under the Investment Company Act of 1940, as amended, and in accordance with procedures approved by the Fund's Board of Trustees. In these cases, the Fund's NAV will reflect certain portfolio securities' fair value rather than their market price. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security is materially different than the value that could be realized upon the sale of that security. The fair value prices can differ from market prices when they become available or when a price becomes available.

The adviser may utilize third parties to assist the adviser in its capacity as valuation designee available at the time the valuation is made, and that the adviser believes to be reliable. The Fund utilizes various methods to measure the fair value of their investments on a recurring basis. In addition, market prices for foreign securities are not determined at the same time of day as the NAV for the Fund. Because the Fund may invest in ETFs which hold portfolio securities primarily listed on foreign exchanges, and these exchanges may trade on weekends or other days when the underlying ETFs do not price their shares, the value of some of the Fund's portfolio securities may change on days when you may not be able to buy or sell Fund shares. In computing the NAV, the Fund values foreign securities held by the Fund at the latest closing price on the exchange in which they are traded immediately prior to closing of the NYSE. Prices of foreign securities quoted in foreign currencies are translated into U.S. dollars at current rates. If events materially affecting the value of a security in the Fund's portfolio, particularly foreign securities, occur after the close of trading on a foreign market but before the Fund prices its shares, the security will be valued at fair value. For example, if trading in a portfolio security is halted and does not resume before the Fund calculates its NAV, the adviser may need to price the security using its fair value pricing guidelines. Without a fair value price, short-term traders could take advantage of the arbitrage opportunity and dilute the NAV of long-term investors. Fair valuation of the Fund's portfolio securities can serve to reduce arbitrage opportunities available to short-term traders, but there is no assurance that fair value pricing policies will prevent dilution of the Fund's NAV by short term traders. The determination of fair value involves subjective judgments. As a result, using fair value to price a security may result in a price materially different from the prices used by other mutual funds to determine net asset value, or from the price that may be realized upon the actual sale of the security.

With respect to any portion of the Fund's assets that are invested in one or more open-end management investment companies registered under the 1940 Act (other than holdings in ETFs), the Fund's net asset value is calculated based upon the net asset values of those open-end management investment companies, and the prospectuses for these companies explain the circumstances under which those companies will use fair value pricing and the effects of using fair value pricing.

HOW TO PURCHASE SHARES

Institutional Share Class: This Prospectus describes one class of shares offered by the Fund: Institutional Class shares. Institutional Class shares are offered at their NAV without an initial sales charge. This means that 100% of your initial investment is placed into shares of the Fund. In addition, Institutional Class shares do not have a distribution or service-related fee. The minimum initial investment amount for Institutional Class shares for all Fund accounts (including IRAs) is \$250,000. There is no minimum for subsequent investments.

OPENING AN ACCOUNT

The Fund is a series of Spend Life Wisely Funds Investment Trust and you may purchase shares directly from Spend Life Wisely Funds Investment Trust. You also may purchase shares through a brokerage firm or other intermediary that has contracted with Spend Life Wisely Funds Investment Trust to sell shares of the Fund. You may be charged a separate fee by the brokerage firm or other intermediary through whom you purchase shares.

If you are investing directly in the Fund for the first time, please call the Fund's transfer agent at 1-866-969-5885 to request a Shareholder Account Application. You will need to establish an account before investing. Be sure to sign up for all the account options that you plan to take advantage of. For example, if you would like to be able to redeem your shares by telephone, you should select this option on your Shareholder Account Application. Doing so when you open your account means that you will not need to complete additional paperwork later.

Your investment in the Fund should be intended as a long-term investment vehicle. The Fund is not designed to provide you with a means of speculating on the short-term fluctuations in the stock market. The Fund reserves the right to reject any purchase request that it regards as disruptive to the efficient management of the Fund, which includes investors with a history of excessive trading. The Fund also reserves the right to stop offering shares at any time.

If you have any questions regarding the Fund, please call 1-866-969-5885.

ANTI-MONEY LAUNDERING AND CUSTOMER IDENTIFICATION PROGRAMS

The USA Patriot Act requires financial institutions, including the Fund, to adopt certain policies and programs to prevent money-laundering activities, including procedures to verify the identity of customers opening new accounts. When completing a new account application form, you will be required to supply the Fund with information, such as your taxpayer identification number, that will assist the Fund in verifying your identity. As required by law, the Fund may employ various procedures, such as comparing the information to fraud databases or requesting additional information or documentation from you, to ensure that the information supplied by you is correct.

When opening an account for a foreign business, enterprise or non-U.S. person that does not have an identification number, we require alternative government-issued documentation certifying the existence of the person, business or enterprise.

PURCHASING SHARES

You may buy shares on any “business day.” This includes any day that the Fund is open for business, other than weekends and days on which the NYSE is closed, including the following holidays: New Year’s Day, Martin Luther King, Jr. Day, Presidents’ Day, Good Friday, Memorial Day, Juneteenth, Independence Day, Labor Day, Thanksgiving and Christmas Day.

Shares of the Fund are sold at the NAV per share. The NAV generally is calculated as of the close of trading on the NYSE every day the NYSE is open. The NYSE normally closes at 4:00 p.m. Eastern Time. The Fund’s NAV is calculated by taking the total value of the Fund’s assets, subtracting its liabilities, and then dividing by the total number of shares outstanding, rounded to the nearest cent.

If you are purchasing directly from Spend Life Wisely Funds Investment Trust, send the completed Shareholder Account Application and a check payable to the Fund in which you are investing to the following address:

Spend Life Wisely Funds Investment Trust
c/o Paralel Technologies LLC
PO Box 2170
Denver, Colorado 80201

Purchase orders received in “proper form” by the Fund’s transfer agent before the close of trading on the NYSE will be effective at the NAV next calculated after your order is received. On occasion, the NYSE closes before 4:00 p.m. Eastern Time. When that happens, purchase orders received after the NYSE closes will be effective the following business day.

To be in “proper form,” the purchase order must include:

- Fund name, class name and account number;
- Account name(s) and address; and
- The dollar amount or number of shares you wish to purchase.

The Fund may limit the amount of purchases and refuse to sell to any person.

Method of Payment. All purchases (both initial and subsequent) must be made in U.S. dollars and checks must be drawn on U.S. banks. Cash, credit cards and third-party checks will not be accepted. Third-party checks and checks drawn on a non-U.S. financial institution will not be accepted, even if payment may be effected through a U.S. financial institution. Checks made payable to any individual or company and endorsed to Spend Life Wisely Funds Investment Trust or the Fund are considered third-party checks.

A \$20 fee will be charged against your account for any payment check returned to the transfer agent or for any incomplete electronic funds transfer, or for insufficient funds, stop payment, closed account or other reasons. If a check does not clear your bank or the Fund is unable to debit your pre-designated bank account on the day of purchase, the Fund reserves the right to cancel the purchase. If your purchase is canceled, you will be responsible for any losses or fees imposed by your bank and losses that may be incurred as a result of a decline in the value of the canceled purchase. The Fund (or a Fund agent) have the authority to redeem shares in your account(s) to cover any losses due to fluctuations in share price. Any profit on such cancellation will accrue to the Fund.

If you choose to pay by wire, you must call the Fund’s transfer agent, at 1-866-969-5885 to set up your account, to obtain an account number, and obtain instructions on how to complete the wire transfer.

Wire orders will be accepted only on a day on which the Fund, custodian and transfer agent are open for business. A wire purchase will not be considered made until the wired money and the purchase order is received by the Fund. Any delays that may occur in wiring money, including delays that may occur in processing by the banks, are not the responsibility of the Fund or their transfer agent. The Fund presently does not charge a fee for the receipt of wired funds, but the Fund may charge shareholders for this service in the future.

MINIMUM INVESTMENTS

The Fund reserves the right to change the amount of these minimums from time to time or to waive them in whole or in part for certain accounts. Investment minimums may be higher or lower for investors purchasing shares through a brokerage firm or other financial institution. To the extent investments of individual investors are aggregated into an omnibus account established by an investment adviser, brokerage firm or other intermediary, the account minimums apply to the omnibus account, not to the account of the individual investor.

For accounts sold through brokerage firms and other intermediaries, it is the responsibility of the brokerage firm or intermediary to enforce compliance with investment minimums.

OTHER PURCHASE INFORMATION

If your wire does not clear, you will be responsible for any loss incurred by the Fund. If you are already a shareholder, the Fund can redeem shares from any identically registered account in the Fund as reimbursement for any loss incurred. You may be prohibited or restricted from making future purchases in the Fund.

The Fund may authorize certain brokerage firms and other intermediaries (including their designated correspondents) to accept purchase and redemption orders on their behalf. The Fund is deemed to have received an order when the authorized person or designee receives the order, and the order is processed at the NAV next calculated thereafter. It is the responsibility of the brokerage firm or other intermediary to transmit orders promptly to the Fund's transfer agent.

HOW TO REDEEM SHARES

REDEEMING SHARES

You may redeem your shares on any business day. Redemption orders received in proper form by the Fund's transfer agent or by a brokerage firm or other intermediary selling Fund shares before 4:00 p.m. Eastern Time (or before the NYSE closes if the NYSE closes before 4:00 p.m. Eastern Time) will be processed at that day's NAV. Your brokerage firm or intermediary may have an earlier cut-off time.

- "Proper form" means your request for redemption must:
- Include the Fund name, class name and account number;
- Include the account name(s) and address;
- State the dollar amount or number of shares you wish to redeem; and
- Be signed by all registered share owner(s) in the exact name(s) and any special capacity in which they are registered.

The Fund may require that the signature(s) be guaranteed if you request the redemption check be mailed to an address other than the address of record, or if the mailing address has been changed within 30 days of the redemption request. The Fund may also require that signatures be guaranteed for redemptions of \$25,000 or more. Signature guarantees are for the protection of shareholders. You can obtain a signature guarantee from most banks and securities dealers, but not from a notary public. All documentation requiring a signature guarantee must utilize a New Technology Medallion stamp. For joint accounts, both signatures must be guaranteed. Please call the transfer agent at 1-866-969-5885 if you have questions regarding signature guarantees. At the discretion of the Fund, you may be required to furnish additional legal documents to insure proper authorization. The Fund will not make checks or federal wire transfers payable to any person other than the shareholder(s) of record or a financial intermediary for the benefit of the shareholder(s) of record.

Shares of the Fund may be redeemed by mail or telephone. You may receive redemption payments in the form of a check or federal wire transfer. A wire transfer fee of \$20 may be charged to defray custodial charges for redemptions paid by wire transfer. Any charges for wire redemptions will be deducted from your account by redemption of shares. If you redeem your shares through a brokerage firm or other intermediary, you may be charged a fee by that institution.

REDEEMING BY MAIL

You may redeem any part of your account in the Fund by mail at no charge. Your request, in proper form, should be addressed to:

U.S Mail:	Overnight:
SLW Fund c/o Paralel Technologies, LLC PO Box 2170 Denver, CO 80201	SLW Fund c/o Paralel Technologies, LLC 1700 Broadway Suite 2100 Denver, CO 80290

TELEPHONE REDEMPTIONS

You may redeem any part of your account in the Fund by calling the transfer agent at 1-866-969-5885. You must first complete the Optional Telephone Redemption section of the investment application to institute this option. The Fund, the transfer agent and the custodian are not liable for following redemption instructions communicated by telephone to the extent that they reasonably believe the telephone instructions to be genuine. However, if they do not employ reasonable procedures to confirm that telephone instructions are genuine, they may be liable for any losses due to unauthorized or fraudulent instructions. Procedures employed may include recording telephone instructions and requiring a form of personal identification from the caller.

The Fund may terminate the telephone redemption procedures at any time. During periods of extreme market activity it is possible that shareholders may encounter some difficulty in telephoning the Fund, although the transfer agent has never experienced difficulties in receiving and responding to telephone requests for redemptions in a timely fashion. If you are unable to reach the Fund by telephone, you may request a redemption by mail.

REDEMPTIONS-IN-KIND

Generally, all redemptions will be for cash. The Fund reserves the right to honor requests for redemption or repurchase orders made by a shareholder during any 90-day period by making payment in whole or in part in portfolio securities ("redemption in kind") if the amount of such a request is large enough to affect operations (if the request is greater than the lesser of \$250,000 or 1% of the Fund's net assets at the beginning of the 90-day period) in order to protect the interests of remaining shareholders, or to accommodate a request by a particular shareholder. If payment is made in securities, the Fund will value the securities selected in the same manner in which it computes its NAV. The adviser will determine the portfolio securities to be delivered in the redemption in kind. This process minimizes the effect of large redemptions on the Fund and their remaining shareholders. In the event that an in-kind distribution is made, you may incur additional expenses, such as the payment of brokerage commissions, on the sale or other disposition of the securities received from the Fund.

ADDITIONAL REDEMPTION INFORMATION

If you are not certain of the redemption requirements, please call the transfer agent at 1-866-969-5885. Redemptions specifying a certain date or share price cannot be accepted and will be returned. The Fund typically expects that it will take up to 5 business days following the receipt of your redemption request to pay out redemption proceeds by check or electronic transfer. The Fund typically expects to pay redemptions from cash, cash equivalents, proceeds from the sale of fund shares, any lines of credit, and then from the sale of portfolio securities. These redemption payment methods will be used in regular and stressed market conditions. You may be assessed a fee if the Fund incurs bank charges because you request that the Fund re-issue a redemption check. Also, when the NYSE is closed (or when trading is restricted) for any reason other than its customary weekend or holiday closing or under any emergency circumstances, as determined by the Securities and Exchange Commission ("SEC"), the Fund may suspend redemptions or postpone payment dates.

Because the Fund incurs certain fixed costs in maintaining shareholder accounts, the Fund may require that you redeem all of your shares in the Fund upon 30 days written notice if the value of your shares in the Fund is less than \$25,000 due to redemption, or such other minimum amount as the Fund may determine from time to time. You may increase the value of your shares in the Fund to the minimum amount within the 30-day period. All shares of the Fund also are subject to involuntary redemption if the Board of Trustees determines to liquidate the Fund. An involuntary redemption will create a capital gain or a capital loss, which may have tax consequences to you and about which you should consult your tax adviser.

FREQUENT PURCHASES AND REDEMPTIONS OF FUND SHARES

The Fund discourages market timing. Market timing is an investment strategy using frequent purchases, redemptions and/or exchanges in an attempt to profit from short term market movements. Market timing may result in dilution of the value of the Fund's shares held by long-term shareholders, disrupt portfolio management and increase Fund expenses for all shareholders. Because certain securities that the Fund may invest in may be infrequently traded, investors may seek to trade Fund shares in an effort to benefit from their understanding of the value of these securities (referred to as price arbitrage). Any such frequent trading strategies may interfere with efficient management of the Fund's portfolio to a greater degree than funds that invest in highly liquid securities, in part because the Fund may have difficulty selling these portfolio securities at advantageous times or prices to satisfy large and/or frequent redemption requests. Any successful price arbitrage also may cause dilution in the value of Fund shares held by other shareholders. The Board of Trustees has adopted a policy directing the Fund to reject any purchase order with respect to one investor, a related group of investors or their agent(s), where it detects a pattern of purchases and sales of the Fund that indicates market timing. This policy applies to all Fund shareholders. While the Fund attempts to deter market timing, there is no assurance that they will be able to identify and eliminate all market timers. For example, certain accounts called "omnibus accounts" include multiple shareholders. Omnibus accounts typically provide the Fund with a net purchase or redemption request on any given day. That is, purchasers of Fund shares and redeemers of Fund shares are netted against one another and the identities of individual purchasers and redeemers whose orders are aggregated are not known by the Fund. The netting effect often makes it more difficult for the Fund to detect market timing, and there can be no assurance that the Fund will be able to do so. Brokers maintaining omnibus accounts with the Fund have agreed to provide shareholder transaction information, to the extent known to the broker, to the Fund upon request. If the Fund becomes aware of market timing in an omnibus account, it will work with the broker maintaining the omnibus account to identify the shareholder engaging in the market timing activity. In addition, the Fund reserves the right to reject any purchase order for any reason, including purchase orders that it does not think are in the best interest of the Fund or shareholders or if the Fund thinks trading is abusive.

BUYING OR SELLING SHARES THROUGH A FINANCIAL INTERMEDIARY

You may buy or sell shares of the Fund through an authorized financial intermediary (such as a financial planner or advisor). To buy or sell shares at the NAV of any given day, your financial intermediary must receive your order before the close of trading on the NYSE that day. Your financial intermediary is responsible for transmitting all purchase and redemption requests, investment information, documentation, and money to the Fund on time. Your financial intermediary may charge additional transaction fees for its services.

Certain financial intermediaries have agreements with the Fund that allow them to enter confirmed purchase or redemption orders on behalf of clients and customers. Under this arrangement, the financial intermediary must send your payment to the Fund by the time they price their shares on the following business day. The Fund is not responsible for ensuring that a financial intermediary carries out its obligations. You should look to the financial intermediary through whom you wish to invest for specific instructions on how to purchase or redeem shares of the Fund.

TAX STATUS, DIVIDENDS AND DISTRIBUTIONS

TAXES

In general, selling shares of the Fund and receiving distributions (whether reinvested or taken in cash) are taxable events. Depending on the purchase price and the sale price, you may have a gain or a loss on any shares sold. Any tax liabilities generated by your transactions or by receiving distributions are your responsibility. You may want to avoid making a substantial investment when the Fund is about to make a taxable distribution because you would be responsible for any taxes on the distribution regardless of how long you have owned your shares. The Fund may produce capital gains even if it does not have income to distribute and performance has been poor.

Early each year, the Fund will mail to you a statement setting forth the federal income tax information for all distributions made during the previous year. If you do not provide your taxpayer identification number, your account will be subject to backup withholding.

The tax considerations described in this section do not apply to tax-deferred accounts or other non-taxable entities. Because each investor's tax circumstances are unique, please consult with your tax adviser about your investment. This summary is not intended to be and should not be construed to be legal or tax advice. You should consult your own tax advisors to determine the tax consequences of owning the Fund's shares.

DIVIDENDS AND DISTRIBUTIONS

The Fund typically distributes substantially all of its net investment income in the form of dividends and taxable capital gains to its shareholders. The Fund's distributions are expected to consist primarily of income dividends, and income dividends will be declared daily and distributed monthly.

Dividends from net investment income (including any excess of net short-term capital gain over net long-term capital loss) are taxable to investors as ordinary income, while distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss) are generally taxable as long-term capital gain, regardless of your holding period for the shares. Any dividends or capital gain distributions you receive from the Fund will normally be taxable to you when made, regardless of whether you reinvest dividends or capital gain distributions or receive them in cash.

Pursuant to its distribution policy, the Fund may make distributions that are treated as a return of capital. Return of capital is the portion of a distribution that is the return of your original investment dollars in the Fund. A return of capital is not taxable to a shareholder unless it exceeds a shareholder's tax basis in the shares. Returns of capital reduce a shareholder's tax cost (or "tax basis"). Once a shareholder's tax basis is reduced to zero, any further return of capital would be taxable. The Fund will provide disclosures, with each quarterly distribution, that estimate the percentages of the current and year-to-date distributions that represent (1) net investment income, (2) qualified dividends, (3) capital gains and (4) return of capital. At the end of the year, the Fund may be required under applicable law to re-characterize distributions made previously during that year among (1) ordinary income, (2) qualified dividends, (3) capital gains and (4) return of capital for tax purposes. Each year the Fund will inform you of the amount and type of your distributions. IRAs and other qualified retirement plans are exempt from federal income taxation until retirement proceeds are paid out to the participant.

Your redemptions may result in a capital gain or loss for federal tax purposes. A capital gain or loss on your investment is the difference between the cost of your shares, including any sales charges, and the amount you receive when you sell them.

These distributions are automatically reinvested in the Fund from which they are paid unless you request cash distributions on your application or through a written request to the Fund. The Fund will not make checks or federal wire transfers payable to any person other than the shareholder(s) of record or a financial intermediary for the benefit of the shareholder(s) of record. Reinvested dividends and distributions receive the same tax treatment as those paid in cash. If you are interested in changing your election, you may call the Fund's transfer agent at 1-866-969-5885 or send a written notification to:

U.S Mail:	Overnight:
SLW Fund c/o Paralel Technologies, LLC PO Box 2170 Denver, CO 80201	SLW Fund c/o Paralel Technologies, LLC 1700 Broadway Suite 2100 Denver, CO 80290

DISTRIBUTION OF SHARES

DISTRIBUTOR: Paralel Distributors LLC 1700 Broadway, Suite 2100, Denver, Colorado 80290, is the distributor for the shares of the Fund. Paralel Distributors LLC is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). Shares of the Fund are offered on a continuous basis.

Additional Compensation to Financial Intermediaries: The Fund's adviser and its affiliates may, at their own expense and out of their own assets including their legitimate profits from Fund-related activities, provide additional cash payments to financial intermediaries who sell shares of the Fund. Financial intermediaries include brokers, financial planners, banks, insurance companies, retirement or 401(k) plan administrators and others. These payments may be in addition to the Rule 12b-1 fees and any sales charges that are disclosed elsewhere in this Prospectus. These payments are generally made to financial intermediaries that provide shareholder or administrative services, or marketing support. Marketing support may include access to sales meetings, sales representatives and financial intermediary management representatives, inclusion of the Fund on a sales list, including a preferred or select sales list, or other sales programs. These payments also may be made as an expense reimbursement in cases where the financial intermediary provides shareholder services to Fund shareholders. From time to time promotional incentives may be provided to certain investment firms. Such incentives may be limited to investment firms who allow their individual selling representatives to participate in such additional compensation.

Shareholder Statements and Reports: Spend Life Wisely Funds Investment Trust or your brokerage firm or other intermediary will send you transaction confirmation statements and quarterly account statements. Please review these statements carefully.

Householding: To reduce expenses and conserve natural resources, Spend Life Wisely Funds Investment Trust will deliver a single copy of prospectuses and financial reports to individual investors who share a residential address, provided they have the same last name or the Fund reasonably believes they are members of the same family. If you would like to receive separate mailings, please call 1-866-969-5885 and Spend Life Wisely Funds Investment Trust will begin individual delivery within 30 days after receipt of your instructions.

You will receive a financial report (or notice of availability) from the Fund twice a year, generally in March and September. In addition, you may periodically receive proxy statements and other reports.

Electronic copies of financial reports and prospectuses are available. To participate (or end your participation) in Spend Life Wisely Funds Investment Trust's electronic delivery program, please complete the appropriate section of the Shareholder Account application or call 1-866-969-5885.

FINANCIAL HIGHLIGHTS

The financial highlights table is intended to help you understand the Fund's financial performance since inception. Certain information reflects financial results for a single Fund share. The total returns in the tables represent the rate that an investor would have earned (or lost) on an investment in a Fund (assuming reinvestment of all dividends and distributions). This information has been audited by Cohen & Company, Ltd., whose report, along with the Fund's financial statements, are included in the annual report, which is available upon request.

PRIVACY NOTICE

SPEND LIFE WISELY FUNDS INVESTMENT TRUST

Rev. Sept. 2024

FACTS

WHAT DOES SPEND LIFE WISELY FUNDS INVESTMENT TRUST DO WITH YOUR PERSONAL INFORMATION?

Why?

Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some, but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.

What?

The types of personal information we collect and share depends on the product or service that you have with us. This information can include:

- Social Security number and wire transfer instructions
- account transactions and transaction history
- investment experience and purchase history

When you are *no longer* our customer, we continue to share your information as described in this notice.

How?

All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons Spend Life Wisely Funds Investment Trust chooses to share; and whether you can limit this sharing.

Reasons we can share your personal information:	Does Spend Life Wisely Funds Investment Trust share information?	Can you limit this sharing?
For our everyday business purposes - such as to process your transactions, maintain your account(s), respond to court orders and legal investigations, or report to credit bureaus.	YES	NO
For our marketing purposes - to offer our products and services to you.	NO	We don't share
For joint marketing with other financial companies.	NO	We don't share
For our affiliates' everyday business purposes - information about your transactions and records.	NO	We don't share
For our affiliates' everyday business purposes - information about your credit worthiness.	NO	We don't share
For our affiliates to market to you	NO	We don't share
For non-affiliates to market to you	NO	We don't share

What we do:

How does Spend Life Wisely Funds Investment Trust protect my personal information?	To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings. Our service providers are held accountable for adhering to strict policies and procedures to prevent any misuse of your nonpublic personal information.
---	--

What we do:

How does Spend Life Wisely Funds Investment Trust collect my personal information?	We collect your personal information, for example, when you • open an account or deposit money • direct us to buy securities or direct us to sell your securities • seek advice about your investments We also collect your personal information from others, such as credit bureaus, affiliates, or other companies.
---	---

Why can't I limit all sharing?	Federal law gives you the right to limit only: • sharing for affiliates' everyday business purposes – information about your creditworthiness. • affiliates from using your information to market to you. • sharing for nonaffiliates to market to you. State laws and individual companies may give you additional rights to limit sharing.
